WHY STUDY WITH US?

Learn with the best

Our award-winning lecturers have extensive academic and industry expertise and are dedicated to helping you succeed. In addition to class contact time, we offer academic advice, peer-assisted study sessions and employment services to ensure you reach your potential.

Choose business

Challenge yourself and develop the skills to thrive in constantly changing and highly competitive business environments. UQ Business School's vast network of industry contacts means you can develop practical experience and professional connections through internships at some of the world's biggest companies. Studying business opens up opportunities for a wide range of change-making careers in the public, private and not-for-profit sectors.

Choose commerce

Commerce graduates have extensive career options in accounting and consulting firms, public and private companies, financial institutions and government in Australia and globally. Throughout your program, you will develop strong technical knowledge and skills in critical evaluation and problem solving, along with practical application. Broaden your opportunities by taking part in internships, industry placements or international student exchanges, while working towards an internationally recognised qualification that will allow you to adapt to, manage and influence the dynamic business world.

Choose economics

Economics graduates are among the highest paid and most sought after in Australia.* Economics develops your

analytical, modelling and forecasting skills, and instils an understanding of how society uses the world's scarce resources. These skills are in high demand by businesses, consultancies, governments and international agencies. Your economics program will equip you for a meaningful career helping to resolve some of the world's greatest challenges, including business productivity and investment decisions, the allocation of humanitarian aid, complex environmental issues and the ageing population.

* Graduate Destination Survey, 2016

Choose law

The TC Beirne School of Law is proud to be the oldest law school in Queensland and one of Australia's leading research-intensive law schools. While our teaching methods have changed significantly over time, we have retained an emphasis on traditional educational goals and values. We foster a comprehensive and sophisticated understanding of the law that will see you develop practical legal skills, stimulate thoughtful debate - with a focus on ethical and social responsibility - and nurture enthusiasm for the study of law.

Choose tourism

Gain a rewarding international career in tourism, hospitality or event management. Tourism blends core business skills and industry knowledge with valuable practical experience, ensuring you receive a well-rounded education. You will learn to provide solutions to industry-specific challenges, such as sustainability, and create meaningful change in your chosen field. Our graduates pursue careers in event management, food and beverage management, hotel and resort management, consultancy, wholesale and retail travel and tourism marketing.

Work anywhere in the world

Our qualifications are recognised internationally, allowing graduates to work anywhere in the world

Wide industry network

Undertake internships in the offices of some of the world's leading companies, through our vast industry networks

Dedicated employability team

Our award-winning Student Employability Team (SET) is dedicated to strengthening student employability and career outcomes

HAN TANG
Bachelor of Commerce / Bachelor of Laws (Honours)

"My UQ study journey has been wonderful, filled with great memories and experiences. I love UQ's fantastic staff, facilities, vibrant campus atmosphere, and the world-class education it has given me. There is always something happening on campus, with plenty of opportunities to get involved in clubs and societies or go on exchange overseas. The fact that UQ has so many options to help enhance student life reflects their inclusive support system for all students."

Independently ranked
as one of the
**TOP BUSINESS
SCHOOLS**
in Australia
Best Global Universities, 2017

UQ BUSINESS SCHOOL

Study with one of Australia's best business schools.

Top ranked

What sets UQ Business School apart is that we stand for the kind of business that matters: business that creates sustained and positive change in industry and the community. Learn from the most innovative business educators in Australia who will challenge your thinking. You will take in the most up-to-date and relevant theory and apply this knowledge to business settings through internships and industry projects.

Push your boundaries

You will have access to industry leaders for real-life projects, as mentors and for internships. Our Community Engagement Program is unique; by participating, you can build your skills working on community sector projects that benefit not-for-profit and charity organisations. Give back to the community while learning.

Academic and industry leaders

Our world-class lecturers are consultants and advisers to leading companies worldwide. The majority of our academic staff members hold PhDs and produce research papers that are cited in the world's top-tier journals. This ensures our teaching is relevant and informed by the latest research. Our programs cover a broad scope of business disciplines and our lecturers supervise a diverse range of higher degree by research (HDR) topics.

Careers

The diversity of our programs means our graduates are in demand across a wide range of industries within the public, private and not-for-profit sectors. Many of our alumni work in leadership positions in accounting, banking and financial services, consultancy, advertising, event management, marketing, state and federal government, business development, tourism and business information systems.

1st

The first business school in Australia to earn both the European Quality Improvement System (EQUIS) and Association to Advance Collegiate Schools of Business (AACSB) accreditation

No. 1

Why Advanced Business at UQ?

Our four-year honours program will be limited to a small, highly motivated and high-achieving cohort aspiring for leadership roles in business, the community or academia.

The courses in this program are designed to make you stand out to employers and are run by internationally respected industry experts and academics. Our unique capstone course in leadership and ethics will provide an opportunity for you to apply your knowledge and skills on real business cases.

What you will study

You will study a wide range of advanced business courses providing the most comprehensive set of business management skills of any undergraduate program at UQ.

Learn how to communicate and engage with customers and employees of your organisation; use analytics to understand the dynamic nature of marketplaces; and design, measure and assess financial and business decisions. Identify and capitalise on business opportunities, and manage business internationally and across cultures. This is just a sample of the many exciting topics our new courses offer.

You can select from two pathways:

- the professional pathway allowing you to take up to three majors from UQ Business School's specialist teaching areas (see adjacent page for the list of majors)
- the research pathway offered via a thesis for those who want to enter into a higher degree by research.

Career opportunities

On graduation, you will have a globally recognised honours degree that will help you stand out in a competitive job market. Within this program you will also have the opportunity to take part in an industry placement course at a leading organisation in Australia. Alternatively, this program can be used as a stepping stone to further research in industry or academia.

As a graduate you can expect a career in companies, agencies and organisations across the private and public sectors, both in Australia and internationally. Specific roles largely depend on your majors, but this program provides considerable flexibility depending on your personal career goals.

Honours

Honours is awarded to all graduates of this program in the following classes (based on GPA): Class I, Class IIA, Class IIB, Class IIIA, Class IIIB.

Majors

The BAdvBus(Hons) program can be tailored to help you achieve your career goals. You can choose up to three majors from Accounting, Business Analytics (exclusive to the BAdvBus(Hons) program), Business Information Systems, Entrepreneurship and Innovation (exclusive to the BAdvBus(Hons) program), Finance, Human Resources, International Business and Marketing.

Professional memberships

As a graduate you may be eligible for memberships with a diverse range of professional bodies:

Why Business Management at UQ?

As a business management student, you will develop the professional knowledge and skills to successfully navigate the ever-changing, competitive business world.

Our academic staff are leaders in their fields, working to find solutions to some of the world's most pressing issues. Their research and consulting activities ensure our teaching is at the forefront of contemporary business knowledge.

We firmly believe in providing you with practical experiences to build on your knowledge, including applied projects, real-life case studies, guest lecturers from industry, and opportunities for placements and internships with leading businesses. By the time you graduate you will have the skills to confidently lead people and projects.

Professional memberships

As a graduate you may be eligible for memberships with a diverse range of professional bodies:

What you will study

How do group dynamics affect employee behaviour? How do you manage online advertising and content? How can businesses make a profit while helping communities? How can businesses incorporate sustainability into their planning? You will explore the answers to these questions and more during your business management studies.

This program covers topical and innovative study areas such as entrepreneurship and business information systems. You'll discover the BBusMan is future-oriented, allowing you to adapt to rapidly changing business environments.

Career opportunities

This program opens up a wide range of career opportunities in the public, private and not-for-profit sectors. Many of our alumni work in leadership positions across various industries.

Honours

Our honours program is an opportunity for high achievers to spend an extra year learning in-demand business and research skills. These attributes are highly sought after by employers, giving you a competitive advantage.

Majors

The BBusMan program provides you with a comprehensive base for a successful career in business. Compulsory foundation courses in areas such as management, marketing and finance equip you with core business skills. You build on these by choosing one or two (of seven) specialist majors that align with your areas of interest. A major consists of six courses from one area of specialisation. As you work through your chosen majors, you will develop managerial skills.

Benefit from
**INDUSTRY
PLACEMENTS**
and
INTERNSHIPS
with leading
businesses

Advertising

Advertising unleashes a world of opportunities for all budding creative professionals. You will be introduced to the foundations of advertising and the media, and develop the business, analytical and creative skills necessary to launch an advertising career. Consumer behaviour and media planning and buying are some of the areas in which you will gain skills to become an effective advertising manager. You will also develop a range of hands-on professional skills in the creative design and development of advertising campaigns.

Careers: Graduates enjoy careers in the media, at advertising agencies, as media buyers, and in the marketing departments of public, private and not-for-profit organisations.

Business Economics

This major equips you with the knowledge and skills to effectively apply economic analysis to business management. It also supports careers in corporate strategy, production management, financial planning, capital budgeting, economics, business analysis, marketing, purchasing, and human resource management. You will learn the economics of growth strategies and how to apply economic analysis to various scenarios.

Careers: Graduates enjoy careers in banking and financial services, consultancies and government departments.

Business Information Systems

Discover the relationship between business and technology, and learn about the crucial role information systems play in well-functioning organisations. You will develop skills in data analytics, analysis of organisational information requirements, business information security, process improvement and digital business. This foundation of knowledge will allow you to make recommendations about the use of technology and systems in organisations to achieve a competitive advantage.

Careers: Graduates enjoy a wide range of careers in consulting, infrastructure, public utilities, online marketing services, and public sector departments and technology agencies.

DANE BAEK
Bachelor of Business Management

"I chose to study at UQ not just because of its world-class rankings, but also because I knew it had a beautiful campus, a fantastic reputation for industry-leading teaching staff, and extensive extracurricular offerings. UQ focuses on enhancing students' learning experience through modern resources, innovative learning spaces and an open and inviting approach to education.

I truly believe that completing my degree at UQ has assisted my growth – not only as a student, but also as a person. I believe I have bright career prospects all thanks to UQ."

Human Resources

Studying Human Resources (HR) provides you with the skills and experience to create positive work environments and assist people to achieve their own career aspirations. You will gain knowledge and skills in areas such as people management, Australian and international industrial relations, selection and recruitment, organisational change, interpersonal communication, conflict resolution, training and development, negotiating employment agreements, and leadership.

Careers: Graduates enjoy careers as professional HR managers in public or private sector roles, for example in professional practices, trade unions, employer associations, government departments, management consultancies, industrial relations, negotiation and advocacy, and occupational health and safety.

International Business

Businesses competing in international markets must build relationships with customers, adapt their products to international markets, and manage the diverse logistical and supply channels of various countries. You will learn how

cultural, regulatory and operational conditions influence the strategies necessary to succeed in global markets. You will also gain an understanding of the key issues in international trade and investment, international marketing, international human resource management, and operations in firms engaged in international business, finance and strategy.

Careers: Graduates enjoy careers in a wide range of private businesses looking to expand their operations and trading networks overseas, or in state and federal government organisations and trade associations.

Marketing

Marketing is about understanding and identifying customers' needs, communicating brand values, and engaging customers to increase business sales. For this reason, marketing is a crucial component of the success of any business. By studying this major, you will develop an understanding of key concepts underlying marketing practices such as applied market research and branding, relationship building, product and service management, product innovation, and communication and marketing strategy.

Careers: Graduates enjoy careers in marketing consultancies, market research, and the marketing departments of public, private and not-for-profit organisations.

Real Estate and Development

This major examines the theoretical and practical knowledge required to operate as a property professional. You will develop your knowledge of business and land economic principles. During your studies you will learn about the principles of property law, finance and investment, asset management, town planning and property valuations. You will apply advanced software and computer programs to solve business problems related to land development and management.

Careers: Graduates enjoy careers in property investment, development, management and valuation.

Why Commerce at UQ?

UQ Business School commerce graduates are in high demand. We are well regarded for our commerce programs and currently rank 39th in the world for accounting and finance.[^] By choosing to study the BCom program, you will develop a combination of core commerce skills, specialist knowledge, and critical evaluation and problem-solving abilities. Your expertise will ensure you are sought by employers and add value to a business within a rapidly changing world.

[^]2017 QS World University Rankings by Subject

What you will study

How can business performance be measured and assessed? What aspects of performance can be improved and how? How can company, project and investment value be determined to make buy/sell decisions? How do foreign markets, derivatives and debt markets affect my client's portfolio? What is an auditor's responsibility? How can big data be analysed to add value? What issues arise from operating in a virtual corporate environment? You will investigate these topics and more as you study our BCom program.

After examining the fundamental principles of commerce, you will learn how you can apply and adapt them in response to specific challenges faced by business.

You will build specialised knowledge and skills through one or two majors as you progress through years 2 and 3 of your

program. If you are seeking an in-depth understanding of how accounting, business information systems and finance add value to business and the global economy, then this program is for you.

Career opportunities

This program will prepare you for a career in the public or private sectors in accounting, banking, financial management, business analysis, business information systems or general management.

Honours

Our honours program is a challenging and rewarding additional year of study. As an honours student, you will hone your business and finance knowledge and skills through research and advanced coursework. Honours is a small-intake program, admitting only the top students from the Bachelor of Commerce.

* This program is currently under review. Visit future-students.uq.edu.au for the latest updates.

Professional memberships

As a graduate you may be eligible for memberships with a diverse range of professional bodies:

STEPHEN TEMPLAR SAEZ
Bachelor of Commerce

"I chose to study a Bachelor of Commerce at UQ because it is consistently ranked alongside the best universities in the world. I love knowing that I am being educated at a leading institution, taught by inspirational and talented academics, and surrounded by high-achieving future leaders.

The University provides tremendous support to ensure students can achieve their academic and career aspirations, and the Bachelor of Commerce program has a rich and proven history of creating leaders in finance and accounting. UQ paves a way to a bright future and all the opportunities UQ provides are there for the taking."

Majors

Develop in-depth skills and experience by choosing one or two majors relevant to your desired career. A major consists of six courses from one area of specialisation.

Accounting

If you aspire to an accounting career, this major is essential. It is also extremely valuable if you want a career in the corporate, government or not-for-profit sectors, as it provides a solid foundation for sound financial decision-making. The courses offered will advance your financial acumen by developing your knowledge of contemporary financial and management accounting practice, taxation and corporate law. You will build your skills in critical analysis, problem-solving and reporting. Follow study plans that cover the necessary prerequisites and you can apply for associate membership of the key Australian accounting professional bodies, Certified Practising Accountants (CPA) Australia and Chartered Accountants in Australia and New Zealand (CAANZ).

Careers: Graduates enjoy careers as accountants in public and private corporations, management and consulting firms, small business, banks and other financial institutions, government and government-owned corporations, and not-for-profit organisations.

Business Information Systems

Discover the relationship between business and technology, and learn about the crucial role information systems play in high-functioning organisations. You will develop skills in data analytics, analysis of business information requirements and security, process improvement and digital business. This broad foundation will allow you to make recommendations about the use of technology and systems in organisations to achieve a competitive advantage.

Careers: Graduates enjoy a wide range of careers in consulting, infrastructure, public utilities, online services/marketing, and public sector departments and technology agencies.

Finance

Finance is a dynamic field that will afford you a vast range of opportunities both locally and internationally. You will build your financial acumen by combining core knowledge of valuation, risk management, corporate finance and banking with practical application through case studies and simulations. This will place you at the forefront of career opportunities in financial and portfolio management, corporate finance, risk assessment, and business analysis.

Careers: Graduates enjoy careers in finance, banking, stockbroking, management consulting, corporate financial management and government agencies.

FINANCIAL SUPPORT

A UQ Employability Grant could help you realise your dreams.

Grants worth up to \$1000 are awarded for co-curricular activities such as internships, volunteering, research, leadership programs and conference participation.

Find out more by visiting:

[employability.uq.edu.au/
financial-support/uq-
employability-grant](http://employability.uq.edu.au/financial-support/uq-employability-grant)

YOUR EMPLOYABILITY

Enhance your degree, make a difference, hit the ground running.

The UQ Employability Award is a free program designed specifically to bring out the best in you during your undergraduate studies.

Participants can access a range of extracurricular activities and professional development seminars including a unique symposium series.

By participating in the program, you will enjoy experiences that will help you realise your aspirations, become a leader in your chosen field, make a positive impact on society, and enhance your employability.

After completing all program requirements, you will reflect on your experiences and be able to effectively communicate your enhanced employability in the recruitment process.

You can apply for a formal certificate when you graduate that recognises the enhanced experience and skill set you have developed during your time at UQ.

UQ Employability Award
employability.uq.edu.au/award

Gain a competitive edge with employers

BOGART PHILLIPS (pictured above)
Bachelor of Business Management / Bachelor of Laws (Honours), Award Graduate 2016

"The UQ Employability Award was a valuable avenue for me to explore and pursue a variety of extracurricular activities during my time at UQ, which profoundly enriched my university experience personally, professionally, socially and culturally. It was these activities that allowed me to really develop my innate character and mindset and proved most memorable during my studies. My experiences have allowed me to learn and explore my passions, interests and ambitions outside the classroom, equipping me with a more palpable sense of direction upon graduation."

Bachelor of

International Hotel and Tourism Management*

The Bachelor of International Hotel and Tourism Management (BIHTM) will open up exciting career opportunities for you in the global tourism industry. This program will prepare you for a successful professional and managerial career in tourism, hospitality or events.

Why International Hotel and Tourism Management at UQ?

UQ Business School is internationally recognised for its tourism programs. It is the only Australian business school to offer programs that hold United Nations World Tourism Organization (UNWTO) accreditation.

The BIHTM program blends cutting-edge research and theory with practical exercises to develop your managerial abilities and business acumen. Our lecturers have strong industry and research experience, integrating their expertise into their teaching.

A special feature of this program is its Work Integrated Learning (WIL) component. Through WIL, you will have access to

hands-on opportunities including individual placements, executive shadowing positions, wine immersion programs, Disney World internships, and domestic and international study tours.

What you will study

How can we promote tourism and ensure the sustainability of natural resources? How can social media impact the way we travel? What effects will the world's growing population have on tourism? You will examine all of these issues and more as part of the BIHTM program.

You will have opportunities to develop, promote, and deliver events; design and market tourist facilities and attractions; and engage in and evaluate hospitality

encounters. Contemporary issues such as sustainability, innovation and customer service will be explored at local, regional and global levels. You will learn to develop solutions to current and future industry challenges, creating change wherever you go.

Career opportunities

Thanks to your advanced management training and impressive professional networks, you will be well positioned for a promising career in the tourism, hospitality or events industries. Our graduates are in high demand with employers, both locally and internationally.

Honours

This program functions as an extra year of high-quality study, showing employers you have what it takes to excel in the tourism, hospitality or events industries. The high-level research skills you develop will open up further opportunities for you in industry, or they could lead to a higher degree by research program.

Professional memberships

As a graduate you may be eligible for memberships with a diverse range of professional bodies:

NINA GARDINER
Bachelor of International Hotel and Tourism Management

"UQ has an amazing reputation in the industry for producing highly employable and well-educated graduates. I believe that undertaking my Bachelor of International Hotel and Tourism Management at UQ has given me the best opportunities and start to my career. I have already had the chance to participate in some exciting activities such as intensive courses in Malaysia, real-world consulting with businesses, and meeting with professionals in my field. I have also successfully completed an internship that resulted in me being offered an event coordinator role. Overall, my UQ study experience has been fantastic!"

Tourism Policy and Planning

Majors

Develop in-depth skills and practical experience by choosing majors relevant to your desired career. You can specialise in one or two areas that align with your interests. A major consists of six courses from one area of specialisation.

Event Management

Event management is an exciting and growing industry. You will gain an understanding of the nature, characteristics and role of events, and specialist knowledge in all aspects of event management. You will learn about the history and impact of festivals, and study event operations for business, artistic, cultural and sporting events. You will also develop managerial and entrepreneurial capabilities in marketing, sponsorship and fundraising for events.

Careers: Graduates enjoy careers as event and festival managers, consultants, conference and convention centre managers, and in various roles in public and private tourism organisations.

Hospitality Management

As the hospitality industry shifts from a skills-based to a knowledge-based industry, higher learning has become critical for career success. This major focuses on the vibrant global hospitality industry, which includes hotel, restaurant and

resort management. You will develop an understanding of, and skills in the essence of, 'hospitality', the international hotel industry, technological applications in hospitality management and large-scale services management, small business and entrepreneurship, casinos and gaming, and food and beverage management.

Careers: Graduates enjoy careers in management and marketing roles in hotels, resorts, casinos, restaurants, cruise liners, commercial catering, and clubs.

Tourism Management

Tourism is one of the most important industries in Australia. This area of study covers tourism operations, destination marketing and policy. You will develop managerial expertise in issues relating to sustainability, ecotourism, policy and planning, visitor behaviour, and the environmental, social and economic impacts of tourism. You will be at the forefront of current and future trends and issues for the industry, including niche markets. Case studies and site visits provide practical and relevant skills and knowledge to ensure your success upon graduation.

Careers: Graduates enjoy careers in tourism organisations, tourism and hotel consultancies, and other tourism-related industries including wholesale and retail travel, airlines and the cruise industry.

Important

You need to ensure that the courses you select are appropriate for your program requirements and rules. Refer to the program plans at bel.uq.edu.au/program-plans. For a full list of courses and electives visit uq.edu.au/study. Note - courses are subject to change, and not all courses are offered every year. To be eligible to join professional bodies, you may be required to complete certain courses.

Visit future-students.uq.edu.au for the latest updates.

DOUBLE YOUR OPPORTUNITIES

Improve your employment prospects and broaden your skills and knowledge by studying two programs at the same time.

As the world around you changes, new and fascinating career opportunities are created every day, and job roles increasingly combine multiple disciplines.

A dual program, also called a double degree, will equip you for this evolving job market. It gives you the flexibility to study two different disciplines in a much shorter time, by studying only the mandatory courses for each program with fewer or no electives.

^x OP Guarantee does not apply to these programs.

Benefits of dual programs

Save time

Graduate with two bachelor programs in as little as four years – a much shorter time than it would take to study both programs separately.

Strike a balance

Why compromise when you can balance your studies and your sanity by pursuing both your career ambitions and passions? Dual program students appreciate the diversity of topics offered in their two different programs.

28

business, economics and law dual program combinations available

Bachelor of

Advanced Finance and Economics (Honours)

The Bachelor of Advanced Finance and Economics (Honours) (BAdvFin&Econ(Hons)) is your passport to leadership in the fields of finance and economics.

Why Advanced Finance and Economics at UQ?

This program offers a limited number of places ensuring you will forge lifelong personal and professional connections with your cohort.

Working with our top academic staff will help you establish strong links with leading employers. You may also have the opportunity to study for a semester at one of our prominent international partner universities.

What you will study

What are the economic and social outcomes of policy changes? What effect has the global financial crisis had on macroeconomic theory and monetary policy? Which financial issues confront most companies? You will explore these issues and more in this interdisciplinary program taught by UQ Business School and the School of Economics.

You will develop the analytical rigour and technical knowledge to be an economist in a variety of public and private sector careers or a leader in finance, investment banking, capital markets, equity or venture capital.

At the end of year 3, you will choose to major in either economics or finance, or complete a more general pathway and undertake a range of elective courses and a team project.

Career opportunities

Potential career pathways include investment banking, funds management, management and financial consulting, stockbroking, infrastructure financing and development, international finance and trade or employment with a government agency such as the Reserve Bank of Australia. You may also go on to study for a higher degree by research (HDR).

Honours

Honours is awarded to all graduates of this program in the following classes (based on GPA) Class I, Class IIA, Class IIB, Class IIIA, Class IIIB.

Majors

You can develop greater depth of knowledge by undertaking a major that is relevant to your desired career. A major consists of courses from one area of specialisation to provide additional depth to the discipline. Undertaking a major may lead to further study in the discipline through a higher degree by research, such as a PhD.

Economics

In this major you will take advanced courses in theoretical and applied economics and undertake a substantial piece of research in a chosen area of your interest.

Careers: Graduates enjoy careers as analysts, advisers and economists in the public and private sectors in fields including business, finance, international development, management or research.

Finance

In this major you will take advanced courses in theoretical and/or applied finance and have the opportunity to undertake a substantial piece of research in a chosen area of your interest.

SHADID AHMED

Bachelor of Advanced Finance and Economics (Honours)

"The UQ BAdvFin&Econ(Hons) program is the only degree of its type offered in Australia, so I know that successfully completing the program will ensure I become a highly employable graduate. Students undertaking the program are offered so many wonderful opportunities, career pathways and support. Our highly experienced lecturers provide us with valuable insight into the industries in which we wish to work.

I truly believe that completing my BAdvFin&Econ(Hons) degree at UQ will assist me in driving social change in major issues that affect the world."

Careers: Graduates enjoy careers in corporate finance, investment banking, stockbroking, management and financial consulting.

No major

You will complete a four-unit team project and various elective courses in economics and finance.

Professional memberships

As a graduate, you may be eligible for membership with this professional body:

FINANCIAL
SERVICES
INSTITUTE
of Australia

Important

It is essential to plan your program of study so that you complete prerequisite courses before enrolling in advanced courses. You must follow the BAdvFin&Econ(Hons) program plan (available at bel.uq.edu.au/program-plans) as the program contains a progression rule that prevents you from enrolling in subsequent years of the program until you have gained credit for all courses in the preceding year.

RANKED #2

**economics research
institution in Australia**

according to Research Papers
in Economics - a worldwide
academic grading system,
January 2018.

SCHOOL OF ECONOMICS

Study with one of the largest and most influential economics schools in Australia.

Highly ranked

UQ's School of Economics is consistently ranked in the top five per cent of research-intensive economics departments in the world.* Our world-class academic staff and diverse courses will equip you with theoretical knowledge to address real-life problems.

Economics provides meaningful solutions to many of the big issues facing our world, such as climate change, the ageing population, complex international trade negotiations and assisting economies to be competitive in a globalised world.

* Research Papers in Economics (RePEc)

Push your boundaries

Our stimulating academic environment attracts the brightest and best economics students from around the country and internationally. You will be encouraged to be part of the rigorous debate that challenges and extends conventional economic thought.

Academic and industry leaders

Our accomplished scholars claim a large share of Australia's economics honours, competitive research grants, prestigious fellowships and high-quality publications. We are home to more than 70 active teaching and research staff, including specialists in energy and climate change, productivity and efficiency analysis, development economics, and labour and agricultural economics.

Careers

Economics graduates are highly sought after and among the highest paid in Australia.** They work as economists in consultancies, for government, and for international agencies and employers including the Reserve Bank of Australia, the World Bank, the International Monetary Fund, federal and state treasuries, and government departments and local government, top consulting firms, financial services firms and global corporations. Training in economics teaches you to analyse and make decisions – skills that are in demand in most professions, which is why economics is one of the most popular combinations in dual degrees.

** Graduate Destination Survey, 2016

Nobel Prize Laureate

in Economics (1994) for Game Theory, John C Harsanyi (1920–2000), launched his academic career as an economics lecturer at UQ

Bachelor of Economics

As a Bachelor of Economics (BEcon) student, you will learn how people and organisations make decisions about using our scarce resources. Economics will train you to question, analyse, model and predict human behaviour – skills that are highly desirable in the workplace.

See 'Program table explained' on page 52

Why Economics at UQ?

UQ is the only institution in Queensland, and one of a select few in Australia, to offer the Bachelor of Economics. The School of Economics is Queensland's largest, most experienced and influential economics school, with more than 70 teaching and research staff. Our School's research-intensive focus ensures content is engaging and relevant for graduates today and into the future. If you choose to study here, you will develop a range of statistical and analytical tools that you can use to solve pivotal policy and decision-making challenges for business and government.

What you will study

What does it mean if the Reserve Bank of Australia reduces the cash rate? How can economies protect themselves against climate change? What are the benefits of free trade and do economic sanctions work? How can the government encourage innovation? These are just some of the questions that a Bachelor of Economics at UQ will help you answer.

Initially, you will develop core economic skills through a set of compulsory courses. You will then be able to tailor the program to your interests by choosing from more than 40 elective courses in areas such as econometrics, financial markets, international trade and development, and the economics of business, health, labour, resources and the environment.

Career opportunities

Economics graduates are in high demand by employers. You could work as an analyst, adviser, consultant, economist or researcher in a range of fields including international consulting, infrastructure development and planning, environmental management, international finance, investment and trade, natural resource and agricultural economics, public health, treasury and statistics.

Honours

Our honours program is an extra year of intensive study for high-achieving students within a small-group learning environment. Honours will equip you with an advanced set of economics and research tools that will prove valuable as an economist or in a higher degree by research program.

Professional memberships

As a graduate you may be eligible for memberships with a diverse range of professional bodies:

FINANCIAL SERVICES INSTITUTE of Australasia

ECONOMIC SOCIETY OF AUSTRALIA

Majors

You can develop greater depth of knowledge by undertaking a major in an area that is relevant to your desired career, or choose a mix of courses from across five majors.

Business and Industry

If you want the challenges of a fast-paced business career, this major is for you. Enhance your economic decision-making capabilities and learn how to apply them in the business sector, working to improve an enterprise's competitiveness and efficiency. Courses cover issues such as managerial economics, industrial and labour economics and the regulatory environment. You will develop critical thinking and comprehension skills, applicable to businesses across all sectors and industries.

Careers: Graduates enjoy careers within industry bodies, government departments, consultancies and private enterprise.

UQ offers
THE ONLY
Bachelor of Economics
in Queensland

SOPHIE TAIT
Bachelor of Mathematics / Bachelor of Economics

"UQ was highly recommended by a lot of my teachers and career advisers at school, which piqued my interest, especially when I discovered that they offered the program that I was interested in studying. I enjoy the interactive learning environment my economics degree offers, as there are so many different people you can contact about the courses and program - this ensures I never feel confused about any of the content.

The Bachelor of Economics also has a large cohort and a prominent Economics Society, which is great for socialising with like-minded people and working together on assignments and tutorial tasks in a friendly and supportive environment."

Economics and Public Policy

In this multidisciplinary major, you will learn how governments develop public policy and how government intervention can influence economies in an increasingly globalised world. You will be taught the tools, concepts and techniques to provide advice on policy development (such as taxation, education, health and transport), as well as to evaluate existing policies. Core courses in public finance and regulatory economics emphasise the theoretical framework and rationale for government intervention. Elective courses include advanced microeconomics, macroeconomics and political sciences.

Careers: Graduates enjoy careers in public policy, government bodies, not-for-profits, private enterprise and politics.

International Trade and Finance

International trade and finance are key factors affecting the Australian and world economies. This major focuses on the economics of financial systems, mechanisms and emerging issues in today's globalised economy. You will develop an understanding of the complex nature of economics in the international environment and its close relationship with financial

management institutions. You will also gain the analytical skills for informing managerial and policy responses across business and government on international trade and finance issues.

Careers: Graduates enjoy careers in financial institutions, government agencies, consulting firms, and Australian and international private enterprises.

Natural Resources and Environment

Today, the economic and ecological value of our diverse natural resources is recognised at the international, national and local levels. The effective use of these resources is an important social and political issue. This major will give you the economic analytical tools needed to solve key environmental problems, including the management of renewable and non-renewable natural resources (e.g. river systems, agricultural land, energy and minerals). You will understand and be equipped to deal with the challenges facing business, government and the wider community.

Careers: Graduates enjoy careers in public policy, environmentally focused agencies, private enterprise, mining and energy companies.

Quantitative Methods

In this major you will learn how to provide rigorous, evidence-based economic analysis that is verifiable and objective. It has a strong mathematical focus, covering measurement, analysis, projection and modelling for a diverse set of economic factors and scenarios. This area of economics is developing quickly and is becoming increasingly sought after by employers as it can provide real, data-informed answers to difficult questions, allowing for better decision-making by governments and businesses. You can select courses in the areas of econometrics, advanced mathematical economics, business and economic decision techniques, and experimental economics.

Careers: Graduates enjoy careers in high-level finance and investment, research consultancies, management organisations, private business and government-orientated enterprises.

See 'Program table explained' on page 52

Why Politics, Philosophy and Economics at UQ?

UQ has joined with the distinguished group of world-leading universities to offer a Bachelor of Politics, Philosophy and Economics (Honours). We are the only university in Queensland to offer the program, and one of only a handful in Australia.

This cross-disciplinary program combines courses from the Faculty of Business, Economics and Law and the Faculty of Humanities and Social Sciences.

Our Schools are home to internationally renowned scholars. School of Economics academics claim a disproportionate share of Australia's economics honours, competitive research grants and fellowships. The School of Political Science and International Studies is one of the world's leading centres for the study of national and global politics, and received the maximum score of 5 in the 2015 Excellence in Research for Australia (ERA) assessment.

What you will study

You will study together as a small cohort of highly motivated and high-achieving PPE specialists, drawing on a historical, social, political and economic knowledge base to examine current and future global challenges and the world's most pressing problems.

Career opportunities

With your finely tuned research, analytical, critical reasoning and problem-solving abilities, you will be extremely employable in analytical and decision-making positions in the public, private and not-for-profit sectors as an economic or social analyst, policy maker, public commentator, political adviser, or as a leader in international affairs or the diplomatic services.

You will also be well prepared for postgraduate study. You may choose to further your research ambitions by enrolling in a Master of Philosophy or PhD program where you will continue to develop your skills and make significant contributions to knowledge.

Honours

Honours is awarded to all graduates of this program in the following classes (based on GPA): Class I, Class IIA, Class IIB, Class IIIA, Class IIIB.

Majors

You can develop greater depth of knowledge by undertaking a major in an area that is relevant to your desired career. In your fourth year, you may choose to specialise in one particular discipline, earning a major in either politics, philosophy or economics.

Politics

As a student in this major you will study the interactions of state and market in great detail through case studies of particular policies and institutions, and at a more general level through theories of governance and politics.

Careers: Graduates enjoy careers in policy-making areas, such as government, the public and not-for-profit sectors, and business.

**UQ offers
 Queensland's
 ONLY
 BPPE(Hons) program**

Philosophy

The study of philosophy will introduce you to key ideas in a range of areas of inquiry including epistemology, ethics, logic, metaphysics, the history of philosophy and the philosophy of disciplines such as art, science, education and politics. You will receive intellectual training in the critical evaluation of theories and arguments, and learn how to construct arguments and communicate ideas in a clear and powerful way. You will also acquire advanced analytical reasoning skills and general problem-solving abilities. In addition, philosophy will help you develop sound methods of research and analysis that can be applied in your other courses.

Careers: Graduates enjoy careers in fields including diplomatic and foreign affairs, the arts, financial services, business, law, public policy, social science, teaching and academia.

Economics

The study of economics is central to the understanding of business, markets, trade, government policies, international issues, globalisation, health, development and the environment. You will undertake advanced-level coursework in microeconomics or macroeconomics, including relevant study of econometrics.

Careers: Graduates enjoy careers as analysts, advisers or economists in the public and private sectors in fields including business, finance, international development, management or research.

Important

You need to ensure that the courses you select are appropriate for your program requirements and rules. Refer to the program plans at bel.uq.edu.au/program-plans. For a full list of courses and electives visit uq.edu.au/study. Note: courses are subject to change, and not all courses are offered every year. TC BEIRNE SCHOOL OF LAW

Study at one of the most prestigious and respected law schools in Australia.

Premier legal education

The TC Beirne School of Law is a leading Australian law school with an illustrious history. Our School boasts world-class, state-of-the-art facilities including one of Queensland's largest law libraries and the Sir Harry Gibbs Moot Court. We offer a premier legal education through small-group teaching complemented by a comprehensive co-curricular program.

Academic and industry leaders

Our staff bring a wealth of practical expertise, along with qualifications from leading institutions across the world. They are talented and committed researchers and educators who are recognised for their teaching excellence both nationally and internationally. You will benefit from additional teaching and research expertise delivered by visiting academics, professionals and adjunct professors.

Push your boundaries

Our expanding international outlook combines innovative research with advanced teaching and learning. Our collaborative learning environment will challenge and stimulate you to develop a comprehensive understanding of the law while cultivating excellence in critical reasoning and lateral thinking.

Careers

Since welcoming our first students in 1936, we have earned a distinguished reputation as Queensland's leading provider of legal education, producing highly sought-after graduates.

The TC Beirne School of Law attracts the best and brightest students from Australia and abroad through its competitive entry requirements. We cultivate exceptional legal thinkers and leaders who use their discipline, ingenuity and initiative to change and enrich the world.

Ranked as the
**36th best law school
in the world**

2018 QS World University Rankings by Subject

LEARNING BEYOND THE CLASSROOM

The TC Beirne School of Law has fostered strong working relationships with the community and the legal fraternity. Through these relationships, our students influence the law and its institutions for the benefit of society.

The UQ Pro Bono Centre

Since 2009, the UQ Pro Bono Centre has fostered students' participation in providing legal assistance and support for pro bono and public interest work. The Centre partners with private law firms, barristers, community legal centres and charities.

By applying your classroom learning to real-life situations, you will make important contributions to unmet legal needs in your community, all before graduation.

law.uq.edu.au/uq-pro-bono-centre

The UQ Pro Bono Centre received a prestigious
**AUSTRALIAN
AWARD FOR
PROGRAMS
THAT ENHANCE
LEARNING
in 2016**

Clinical Legal Education

Gain valuable work experience for academic credit by working in a community legal centre. In 2019, for the fourth consecutive year, the Centre will offer an International Environmental Law clinical legal placement in Borneo, Malaysia.

Pro Bono Roster

The Centre's Pro Bono Roster provides links to volunteer opportunities within the legal fraternity and community organisations, where you can support pro bono and public interest work.

The Manning St Project

The Manning St Project allows you to pursue an interest in policy, advocacy and law reform, public interest research or community legal education. You will work under the supervision of practising lawyers and academics at Caxton Legal Centre in South Brisbane.

High Schools Program

You can be involved in one of the outreach community legal education programs offered by the UQ Pro Bono Centre:

- Asylum and Refugee Law
- Domestic Violence and the Law
- International Humanitarian Law (run in conjunction with the Australian Red Cross).

You will liaise with and deliver lesson plans on these areas of law to high school students in the greater Brisbane area.

Co-curricular Education Program

In partnership with the UQ Law Alumni Association, the co-curricular education program complements core areas of study to give you a real-world understanding of how the concepts you are studying manifest in legal practice.

All first-year students have the opportunity to participate in an immersion day at the Supreme Court that includes a guided tour, observation of a trial and presentations by eminent legal professionals.

Internships and work experience

You will have opportunities to gain valuable work experience by undertaking an internship. Prospective employers value work experience and interning is a great way for you to develop your skills and enhance your CV.

The Barristers Work Experience Program

An initiative of the Bar Association of Queensland and The University of Queensland Law Society, this is an immersive work experience placement with a participating barrister. You will undertake legal research and shadow a barrister to court and meetings. The program aims to develop your legal skills and provide you with first-hand insight into a career at the bar.

The Aurora Native Title Internship Program

This program places Australian law students with Native Title Representative Bodies (NTRB) and other Indigenous organisations. Typical duties include preparing briefs for counsel and government submissions, legal research, preparing affidavits, and attending court with NTRB staff.

The Office of the Director of Public Prosecutions (ODPP) Work Experience Placement Program

Aimed at law students with a genuine interest in criminal law, this program will give you exposure to a variety of criminal law matters and will develop your knowledge of the criminal justice system.

The Practitioner-in-Residence program

Introduced in 2013, the Practitioner-in-Residence program enables judges and legal practitioners to share their insights and expertise with the law school community. Participants interact with students and staff to reflect on the practice of law, discuss issues relevant to both academia and practice, and link this with research and theory. Visiting practitioners take part in a variety of campus activities such as student mentoring, delivering guest lectures and participating in practice moots.

Research and publication

You will be encouraged to engage in in-depth research on contemporary legal issues and be supported in your efforts to have your research published. You will have

opportunities to work closely with leading academics across a variety of areas through research-intensive course options and our Summer Scholars Program.

Mooting program

Mooting competitions are mock legal hearings in which legal or factual arguments are presented in a hypothetical case before a judge, tribunal member or arbitrator.

You can participate in a wide range of mooting competitions to help you develop legal knowledge, research and communication skills. These competitions are both internal and external and cover issues ranging from commercial disputes to human rights claims.

Coached by academic staff and alumni, our moot teams have achieved tremendous success in local, national and international mooting competitions year after year. UQ has won many prestigious titles, including the Sir Harry Gibbs Constitutional Law Moot, the National Administrative Appeals Tribunal Moot, the International Maritime Law Arbitration Moot, and the Philip C Jessup International Law Moot Court Competition.

LAW AND ORDER MEETS GRAND DESIGNS

The Forgan Smith building is the visual centrepiece of UQ that has nurtured some of Australia's most influential legal professionals, politicians and international business leaders.

Inquiring minds thrive on collaboration and spirited debate, but also need quiet spaces for reflection. Research and academic spaces in the renovated building accommodate diverse needs for both independent study and informal or formal group learning.

The recent refurbishment has meant UQ and Brisbane can continue to attract and retain the best and brightest legal minds.

Our refreshed teaching practices will prepare you for working in a new age of global legal practice, with multidisciplinary

teams, and collegiate and cooperative working styles. We aim to produce a strong cohort with a sense of belonging by centring our learning activities in the heart of the school.

The re-imagining of Forgan Smith ensures future generations of UQ law students will continue to enjoy the highest quality and most relevant legal educational experience. We aim to continue attracting students like you, the best and brightest of your generation, destined to excel in your profession and create change in the world both at home and abroad.

2 NATIONAL ARCHITECTURE AWARDS
Educational Architecture Award 2017
Interior Architecture Award 2017

The light, open design of the refurbishment allows the space to breathe, with more contemporary spaces to learn and study.

Bachelor of

Laws (Honours)

The Bachelor of Laws (Honours) (LLB(Hons)) prepares you for success in the legal profession. Distinguished by rigour, depth and conceptual sophistication, you will develop knowledge and skills that can be used to shape societies, governments and, ultimately, the world.

QTAC CODE	UQ CODE	MINIMUM SELECTION THRESHOLD 2018 OP / RANK / IB	LOWEST OP / RANK TO RECEIVE AN OFFER 2018		DURATION	START SEMESTER	CAMPUS	HONOURS	DUAL PROGRAM AVAILABLE	ADMISSION REQUIREMENTS

See 'Program table explained' on page 52

International recognition

The LLB(Hons) fulfils the academic requirements for admission as a legal practitioner throughout Australia. Students from Singapore, Malaysia or India may use the LLB(Hons) to fulfil the academic qualifications required for admission to the legal profession in their home country. Once admitted in Australia, international students may only need to complete limited conversion modules to be eligible for admission in their home country.

Why Law at UQ?

Our courses are taught in small group settings and informal learning spaces within the Forgan Smith Building, which has been refurbished specifically for law students. You will have the opportunity to expand your knowledge with your peers and professors in an active learning environment.

This program offers a thorough understanding of the concepts, principles, policies and values of the law, both in Australia and other jurisdictions. It strives to develop outstanding skills in critical, rational and analytical thinking, and will teach you to craft clear and persuasive arguments – skills that will be valuable in whatever career path you choose.

You will graduate with an internationally respected honours qualification, with advanced knowledge and skills that are transferable across a wide range of careers. Your degree will set you apart in a competitive job market while also providing a pathway to future research or learning.

In addition to the courses required for professional admission, the LLB(Hons) offers a range of elective courses and exclusive co-curricular activities through which you can put the knowledge you have acquired in the classroom into practice.

Career opportunities

Legal practitioners

After completing an LLB(Hons) from UQ, you must also satisfy the practical legal training requirements before you can be admitted as a legal practitioner. Examples of career opportunities include:

- **Solicitor**

Solicitors (as sole practitioners or in law firms) are usually the first point of contact for members of the public seeking legal advice. Solicitors are also employed by businesses, government, and community and international bodies to provide legal advice, prepare legal documents, develop policy and advise on legal reform issues.

- **Barrister**

Barristers represent their clients' interests in court proceedings as specialist advocates. Usually they work independently and choose to specialise in particular areas of the law. They also provide oral or written advice on matters within those areas.

Industry

In addition to being a prerequisite for legal practice, the analytical and research skills you develop in the LLB(Hons) program will help you secure a career in many other sectors, including:

- **Government**

Law graduates work in various sectors of state and federal government. They can work as legal officers within government departments or may be involved in developing or administering government policy. They may also embark on a career in the diplomatic and foreign service.

- **Corporate**

Many law graduates work as in-house lawyers for large companies where they undertake work in a wide variety of areas such as corporate governance, insurance, environmental compliance and employment law.

- **Business**

Using their law program - often combined with a business management, commerce or economics program - many graduates undertake careers in the business world in areas such as investment banking, insurance, property development and management. Others pursue careers in the consulting or advisory services industry, working to provide solutions to a wide range of clients.

- **Community support and social development**

Graduates can use their law program, combined with any other program, to work for industry associations, lobby and environmental groups, social service groups, 'think tanks', community service organisations, legal aid and community legal centres.

Academia

Law graduates are well equipped to pursue careers in academia. Those with a passion for research and teaching can pursue further study and seek positions where they can contribute to legal scholarship while educating the next generation of legal practitioners.

Honours

Honours is awarded to all graduates of this program in the following classes (based on GPA): Class I, Class IIA, Class IIB, Class IIIA, Class IIIB.

KATIE MOY

Bachelor of Arts / Bachelor of Laws (Honours)

"The Bachelor of Laws (Honours) program at UQ is not only taught by exceptional lecturers and tutors, but has a very inclusive environment. Having access to student resources such as the law library means that there is always a place to go to focus, but also a place where you know you will be able to find a friend. The opportunities the Law School provides have also been extremely helpful, such as the Pro Bono Roster and the BEL Student Employability Team. Choosing UQ has been the best decision I have ever made. I can say with absolute certainty that there is no other university I would trust with equipping me with the skills and knowledge required for my future career."

SET YOUR CAREER IN MOTION

The Business, Economics and Law Faculty's award-winning Student Employability Team (BEL SET) is dedicated to helping you access opportunities, increase your employability and manage your career.

Get SET for
a rewarding
CAREER
Get SET to create
CHANGE
Ready, get SET,
GO!

We recommend you start developing your employability skills and building your personal and professional profiles as soon as you start at UQ. You will expand your career options and gain several years of practice and experience to include in your CV when you graduate.

Through the award-winning BEL SET programs, you will learn and apply employability skills that will help you stand out from the crowd in a highly competitive job market.

We partner with external employers, alumni, businesses, government and community organisations to connect you with work opportunities and to promote industry awareness and engagement.

Access BEL SET's tailored programs and services at every stage of your studies - as an undergraduate or postgraduate student, as well as for six months after graduation.

Pre-degree: Get SET

Discover the programs and services available to you as a UQ BEL student, including:

- information about careers and job sectors to help you decide on a career path
- hands-on experience working on real industry projects with the not-for-profit sector
- individual consultations including guidance about career options and mock interview sessions
- workshops to equip you with the skills and attributes to be work-ready
- networking events and opportunities to connect with industry
- work experience and internships
- UQ StudentHub - an online careers portal where you can access details of job vacancies and internships
- information on closing dates for graduate applications with major Australian employers
- UQ Employability programs, UQ Careers Service, Going Global and Global Grad.

The Business, Economics
and Law Student Employability
Team is the

**proud
winner**

of the employability
category in the prestigious
Australian Financial Review's
2016 Higher Education Awards.

Early degree: SET in motion

Participate in a series of programs and workshops designed to SET you up with insight on career options and employability skills:

- consult with BEL SET to create your Career Attainment Plan
- create a CV and LinkedIn profile
- seek part-time work
- get involved in voluntary work and on-campus activities
- review the online career insight resources on the BEL SET StudentHub site.

World of Work event series

These events give you the opportunity to network with young professionals about their careers and experiences transitioning to work after graduation. Aimed at first- and second-year students, these sessions give you an insight into what it would be like to do their job, helping you explore possible career options in different industries.

Mid-degree:

SET the bar high

- Book a consultation with BEL SET for help with internship applications.
- Apply for internships and vocational work-integrated learning programs.
- Take part in the Community Engagement Program (CEP) and seek voluntary work opportunities.
- Attend the interactive Career Success Program workshops.
- Participate in networking events.
- Take part in work-shadowing and workplace cultural excursions.
- Apply for the Student Work Experience Program (SWEP).

Community Engagement Program (CEP)

Make a positive impact and create change in the community by applying your classroom knowledge to projects in the not-for-profit sector. The program will challenge you to develop your leadership capability and your business-planning, strategy and networking skills. CEP is an opportunity for you to grow your network, gain employability skills and build your personal and professional profile.

Career Success Program (CSP)

Partnering with industry experts, this program can assist you with achieving long-term career success. Workshop topics include organisational culture and awareness, preparing CVs and applications, interview techniques, LinkedIn strategy and positioning, elevator and online pitch, and negotiation, interpersonal and presentation skills.

Student Work Experience Program (SWEP)

This mock recruitment and work experience program for mid-degree students provides the opportunity to practise participating in a competitive assessment centre recruitment process, similar to those used by large organisations. Successful candidates will secure professional unpaid work experience for two to three weeks during the end-of-semester break.

Penultimate and final year:

SET for success

Recruitment for graduate roles often starts a year before graduation. BEL SET can help ensure you are prepared:

- Become a mentee in our BEL Career Mentoring Program.
- Attend employer-led workshops for help with applications.
- Have an individual consultation focused on applications and mock interviews.
- Attend professional networking events.
- Get inspired at The Edge Student Leadership Series events.

BEL Career Mentoring Program

Complement your academic knowledge by connecting with a personal industry mentor – often a BEL alumnus. Mentors are an invaluable source of insight and support as you make the transition from student to graduate. Your mentor can share tips on how to apply your learning to work, help you understand what attributes and behaviours are valued in the workplace, and guide you in using your existing skills to find work experience.

Behind the Scenes

Learn about upcoming graduate employment opportunities and hear directly from employers on how to prepare and succeed with your applications including pre-preparation, psychometric testing, interviews, assessment centres and managing offers. These workshops are an excellent opportunity for you to network with employers to make a great first impression.

The Edge Student Leadership Series

Hear from inspirational leaders including CEOs, managing directors, partners, general managers and entrepreneurs across a range of industries. Our guest speakers share their personal and career journeys, giving you invaluable first-hand insight into how business leaders got to the top of their game and how they overcame any challenges they faced.

Management Consultancy Challenge

If you want to be challenged and make an impact, a career in management consulting could be for you. A select group of BEL students will attend the stage event of this program and have exclusive early access to a group of leading management consulting companies and mentors. It will help shape your thinking about your future career and provide you with time to ensure you are fully prepared for the application process.

Post-degree:

SET for life

You have been studying alongside your future colleagues, so it is worthwhile staying connected with them through UQ's alumni community via the popular Alumni Lecture Series and other engaging events.

To support your transition to work, for six months after graduation, you can continue to access individual consultations with your BEL SET contact and attend BEL SET workshops and events.

After some time in the workforce, you can continue to develop your employability skills by participating in SET workshops as a guest speaker or mentor.

UQ Employability Award:

The UQ Employability Award program encourages undergraduate and postgraduate coursework students to further develop their skills beyond the classroom and to produce well-rounded, highly sought-after graduates.

BEL SET has incorporated a number of their programs into the requirements and all program attendance will count towards completion of the award.

You can enrol in the program at any time during your undergraduate (including honours) or postgraduate coursework degree.

TALEA LOESKOW
Bachelor of Business Management

"The BEL Student Employability Team (SET) has been incredibly helpful in providing me with information and opportunities to help me become a highly employable graduate. The team is happy to answer all sorts of questions as well as assist students to prepare high-quality résumés and cover letters, and they also run mock job interviews. I have found a lot of their networking and employability events very helpful. If they sound interesting and relevant, they usually are.

I obtained an internship with a leading digital marketing agency through a SET networking event."

APPLY FOR A SCHOLARSHIP

Make your UQ experience more affordable with the support of a scholarship. You may not think you're eligible for one, but you might be surprised!

Academic

UQ's Academic Scholarship Program is designed to reward the achievements of outstanding school leavers and to identify, support and develop tomorrow's leaders. If you are a high-achieving student and are completing Year 12 in 2018, or you completed Year 12 in 2017 and are on a gap year, apply for UQ's Academic Scholarship Program.

Up to 150 scholarships, ranging in value from \$6000 to \$60,000, are offered each year to students with outstanding academic achievements, or a combination of academic achievements, leadership and/or community service achievements.

scholarships.uq.edu.au

Sporting

If you excel in both your chosen sport and academic studies, you may be eligible for a UQ Sporting Scholarship. Three main scholarships are offered in partnership with UQ Sport.

UQ Sports Achievement Scholarship

Awarded to outstanding new and continuing students who have demonstrated exceptional ability in their chosen sport.

Award value: up to \$12,000 for one year

The Clem Jones Sporting Scholarship

Awarded to students with academic ability, who have the potential to perform at a high level in their chosen sport. Preference will be given to applicants with demonstrated financial need.

Award value: up to \$18,000 over three years

UQ Swimming Scholarship

Established in 2017, this scholarship supports outstanding new students who have demonstrated exceptional ability in swimming.

Award value: \$4500 for one year, plus high-performance coaching

Elite athlete support

UQ is accredited by the Australian Sports Commission as an Elite Athlete Friendly University (EAFU). Dedicated UQ Sport Academy staff, in partnership with UQ, provide academic liaison support to negotiate flexible options for enrolment, assessment and course-related needs.

uqsport.com.au/uq-sporting-scholarships

Equity

UQ supports equitable access to education. We offer many scholarships for students who might not otherwise be able to attend university.

The TC Beirne School of Law Leadership, Excellence and Diversity Scholarships

Awarded to up to 15 outstanding Australian Year 12 students from non-selective government schools who are successful in gaining admission to the Bachelor of Laws (Honours) (LLB(Hons)) or an LLB(Hons) dual program at UQ.

Award value: \$7000 per year for up to five years

UQ Link Scholarships

Awarded to applicants who have experienced educational disadvantage due to financial hardship.

Award value: \$9000 over three years.

Indigenous Commonwealth Scholarships

Financial support is available to Indigenous students to help with the costs of going to university.

scholarships.uq.edu.au

Centrelink Student Income Support

Financial assistance is available to students who receive student income support payments through Centrelink (Youth Allowance, ABSTUDY, Austudy).

Award value: variable and determined by Centrelink.

Other scholarships

UQ has a number of other scholarships for both undergraduate and postgraduate students that provide fee relief or financial assistance, which you can apply for even after you have started at UQ.

Keep an eye out for upcoming scholarships for help with studying abroad, assistance for regional and rural students, LGBTIQ bursaries, and career-specific scholarships.

scholarships.uq.edu.au

200+ more to choose from

UQ's generous industry partners and private donors contribute to bring you a range of scholarships with varied criteria.

Get in early

Scholarship applications close at different times throughout 2018 – plan your applications and apply early so you don't miss out!

scholarships.uq.edu.au

Please note: All figures were correct at time of printing but are subject to changes; see scholarships.uq.edu.au prior to applying to confirm correct values.

ARE YOU AN INTERNATIONAL STUDENT?

While a lot of information in this guide is relevant to you, certain key information may be different for international students.

You are an international student if you are:

- not a citizen of Australia or New Zealand, or
- not an Australian permanent resident, or
- a temporary resident (visa status) of Australia.

Eligibility for UQ study

For admission into undergraduate programs at UQ, you must have:

- completed secondary studies equivalent to Queensland Year 12 with a score comparable to the Queensland rank specified for your program
- satisfied individual program requirements (e.g. specific subject prerequisites, auditions or interviews)
- satisfied English language requirements.

If you do not meet these criteria, you might consider taking the Foundation Year bridging course offered by International Education Services (IES) or English language training offered by the Institute of Continuing and TESOL Education (ICTE-UQ).

UQ has more than

15,400
international
students

from 141 countries

TZE JIN GAN (CRYSTAL)
Bachelor of Commerce

"The education I have gained at UQ while living in the beautiful city of Brisbane has given me confidence in myself as a person and my abilities as a future employee."

Tuition fees

As an international student, you will pay tuition fees, a Student Services and Amenities Fee, and potentially other administrative fees. UQ has program-based tuition fees for coursework award programs, meaning that all courses within a program are charged at the same tuition fee rate per unit for a given academic year. Some programs also have additional costs.

future-students.uq.edu.au/apply/international/tuition-fees

Other expenses

International students applying to study in Australia must have a student visa or an alternative visa that enables them to study full-time on campus. Please consider expenses such as visa and medical (pre-departure) fees, tuition fees, general living expenses, return airfares, and Overseas Student Health Cover (OSHC) when you plan your budget.

future-students.uq.edu.au/international/cost-living

PLAN YOUR FINANCES

University is a valuable investment in your future. Knowing what it costs will help you manage your money.

Fees and costs

Course fees and student contributions

Most undergraduate places at UQ are funded partly by the Australian Government (Commonwealth support) and partly by you (student contribution).

If you are an Australian or New Zealand citizen, or an Australian permanent resident and have a Commonwealth-supported place, you qualify for Commonwealth support.

International students pay full tuition fees.

If you have a Commonwealth-supported place, your student contribution amount depends on the fee band level of the courses you choose (see table at above right).

Fees are charged according to the courses you choose, not the program you are enrolled in, so it is not possible to publish a fixed fee for a program. Because most students can choose different electives during their program, costs will vary.

However, indicative annual fees are listed with each program on our Future Students website to help you plan your budget.

future-students.uq.edu.au/study/find-a-program

Fee bands

BAND	AREA OF STUDY	ANNUAL STUDENT CONTRIBUTION*
3	Law, accounting, administration, economics, commerce, dentistry, medicine, veterinary science	\$10,754
2	Mathematics, statistics, computing, built environment, allied health, other health, science, engineering, surveying, agriculture	\$9185

Student Services and Amenities Fee

The Student Services and Amenities Fee (SSAF) is a compulsory fee that is used to subsidise, support or fund non-academic services for students, such as support services, advocacy, study skills, career development and employability.

UQ levies the SSAF - which is capped at a maximum of \$298 for 2018 - according to whether you are an internal or external student, and full-time or part-time. The fee is indexed annually.

Financial support for Australian tertiary students includes Youth Allowance, Austudy, and ABSTUDY.

Apply for these payments at any Centrelink Customer Service Centre. Other financial assistance schemes include:

- Student Start-up Loan
- Relocation Scholarship
- Interest-free advance loan where part of the allowance is paid as a lump-sum advance
- Pensioner Education Supplement (PES)
- Low Income Health Care Card
- Fares Allowance
- Child Care Benefit (CCB) or Rebate, or JET Child Care Fee Assistance.

humanservices.gov.au

Other government assistance

If you're an Australian student, you may be eligible to receive HECS-HELP – a loan from the Australian Government that allows you to defer paying for your degree until you earn above a certain income – or SA-HELP – an additional loan that allows you to add your SSAF to your accumulated HELP debt. You'll need a tax file number to apply.

APPLYING TO UQ

Follow the steps to apply to UQ and start on the path to your future.

STEP

1

Choose

Choose your program

- Search this guide on pages 4–38.
- Visit future-students.uq.edu.au.

TIP: Check that you meet all academic and other entry requirements and meet any specific program deadlines.

A range of study area guides and other UQ publications can help you choose the right program.

future-students.uq.edu.au/publications-and-forms

STEP

2

Apply

Apply to study

Future students

Apply by visiting qtac.edu.au.

Current students at other universities

Apply by visiting future-students.uq.edu.au/apply.

TIP: Before applying, check that your current institution will give you transferable credit.

How to apply via QTAC

Apply for admission to UQ undergraduate programs through the Queensland Tertiary Admissions Centre (QTAC). The QTAC website explains how to apply and the entry requirements you need.

List up to six program preferences, but you will only receive one offer – for your highest preference that you are eligible for. Place programs in order of preference, placing your dream program first and your back-up options next.

STEP

3

Accept

Accept your offer

1. Log in by clicking 'Applications' and then 'Apply here' at qtac.edu.au.
2. Select 'Apply here' then login and enter your details.
3. Select the 'Accept offer' option.
4. Accept your offer.
5. Activate your student account.
6. Go to my.uq.edu.au/starting-at-uq and follow the instructions.
7. Get excited about starting at UQ.

STEP

4

Enrol

Enrol in courses

1. Access your program rules, course list and other helpful information by logging in to my.uq.edu.au/starting-at-uq
2. Choose your courses at my.uq.edu.au/programs-courses
3. Enrol online at sinet.uq.edu.au
4. Plan your timetable and sign on to classes.
5. Pay fees (see page 48).

Are you an Aboriginal or Torres Strait Islander student?

Our Aboriginal and Torres Strait Islander Studies Unit can help you with:

- understanding your options
- choosing what to study
- applying for scholarships and entry.

atsis.uq.edu.au

STEP

5

Prepare

Prepare for Week 1

- Complete the steps on the Starting at UQ website, or download the UQ Checklist app to get organised. uq.edu.au/appcentral/uqchecklist
- Attend a Getting Started session.
- Check if you need to attend any program sessions before Orientation Week.
- Pick up your student ID card after you have enrolled.
- Answer any remaining questions before classes start by emailing starting@uq.edu.au.

STEP

6

Let's go!

Get ready for the ultimate university experience

- Prep Week - jump-start your university journey.
- Experience a taste of #uqlife during Orientation Week.
- Connect Week - join the social scene, make new friends and link in with your academic circle.
- Culture Week - experience UQ's diverse culture and global networks.
- Success Week - learn about the resources available to help you succeed at UQ.
- Enrol for the UQ Employability Award (see page 15). employability.uq.edu.au/award
- Instagram (@uniofqld) or Snapchat (uniofqld) your UQ experience to your friends.

AFTER GRADUATION

250,000+

outstanding UQ alumni include a Nobel laureate, two Fortune 500 company CEOs, an Academy Award winner, and thousands of local and global leaders in government, law, science, public service and the arts.

You will join a network of more than 250,000 UQ graduates who are creating change in the world.

Stay in touch

No matter where you are, you can access our global network of alumni, giving you social, networking and professional development opportunities.

- Help the UQ Alumni and Community Engagement team facilitate networking events and create valuable strategic partnerships.
- Reconnect with friends and other UQ alumni at the UQ Young Alumni Ball.
- Attend UQ's Global Leadership Series for lectures and discussions from great minds on issues that impact your community and shape the world.
- Apply for alumni membership of the library - the first year is free for new graduates.

alumni.uq.edu.au

More study?

Loved your degree? Want to go further? UQ offers both coursework and research programs at postgraduate level.

You can study graduate certificates, graduate diplomas and master's by coursework programs.

uq.edu.au/study

Higher degrees by research

Higher degrees by research (HDR) at UQ include the 1.5-year Master of Philosophy (MPhil), the 3.5-4-year Doctor of Philosophy (PhD), and a number of professional doctorate programs. HDR students produce new knowledge and expertise that is innovative, relevant and progressive.

graduate-school.uq.edu.au

MicroMasters

UQ offers online MicroMasters designed to advance your career and offer a path to an accelerated master's program.

Four MicroMasters programs are offered by UQx:

- Leadership in Global Development
- Business Leadership
- Corporate Innovation
- Sustainable Energy.

PROGRAM TABLE EXPLAINED

QTAC CODE	UQ CODE	MINIMUM SELECTION THRESHOLD 2018 OP / RANK / IB	LOWEST OP / RANK TO RECEIVE AN OFFER 2018		DURATION	START SEMESTER	CAMPUS	HONOURS	DUAL PROGRAM AVAILABLE	ADMISSION REQUIREMENTS
			ADJUSTED	UNADJUSTED						
718001	2359	2 / 97 / 39	3 / 96	5 / 91	4 years full-time (or part-time equivalent)	1	St Lucia	Part of standard program, awarded based on weighted grade point average	Arts, Business Management, Commerce, Economics, Journalism, Science	Queensland Year 12 (or equivalent) English

Sample information only

QTAC CODE

A unique code number assigned by QTAC to each individual undergraduate university program. You will need to use this number on your QTAC application.

UQ CODE

A unique identifying number assigned by the University to a program. Visit future-students.uq.edu.au/study and type the UQ code into the search box to find out more detail about the programs you are interested in.

MINIMUM SELECTION THRESHOLD 2018 OP / RANK / IB

The minimum selection threshold is the minimum score that was considered for an offer of a place to all applicants.

OP - Overall Position: A statewide ranking order of ranking students from 1 to 25 (with 1 being the highest) based on achievement in QCAA subjects studied for the Queensland Certificate of Education.

Rank - (also selection rank) Selection rank ranging from 1 to 99 (with 99 being the highest) allocated to university applicants who are not current Year 12 students in Queensland (OP eligible). Rank is usually determined by academic results in the highest level of study completed.

IB - International Baccalaureate points.

ADJUSTMENT FACTORS

Previously referred to as 'bonus points', these are a numerical value added or used in combination with an OP or selection rank. Common adjustment factors may include subject adjustments, enrichment studies, or educational disadvantage.

Adjusted: The lowest OP or selection rank to which an offer was made to recent school leavers including any adjustment factors that may have been applied.

Unadjusted: The lowest 'raw' OP or selection rank to which an offer was made to recent school leavers excluding any adjustment factors.

DURATION

The time it takes to complete a program when it is studied full-time.

Full-time The standard study load is eight units per semester. Full-time study is 75 per cent or more of the standard study load (i.e. six units per semester for most programs).

Part-time Part-time study load is less than 75 per cent of the standard study load (i.e. less than six units per semester for most programs).

HONOURS

At UQ, honours may be awarded as a one-year bachelor honours degree after you have completed a bachelor degree, or as a single bachelor honours degree typically taking four years of study. Some undergraduate programs allow eligible students to transfer to a bachelor honours degree at a defined point in the bachelor degree. This box shows whether honours is available with a program.

ADMISSION REQUIREMENTS

Some programs require you to have completed specific subjects (or their equivalent) at school.

STUDY OPTIONS

UQ offers more than 80 exciting undergraduate programs and 60 dual programs to help build your dream career. For more details, check out our range of publications, or go to future-students.uq.edu.au
